1st verse

What do you see inside your mind?
Is it your dreams or just the torment of life?
Break away from your anxieties today
Don't ever let them drag you down.

Chorus

Conquer for life inside your dreams.
We'll never outlive all the schemes
Of darker spirits in between.
We're on the road, the Road of Kings.

2nd verse

What do you see in your minds eye?
Is it the fate of mankind to die?
Do you know or do you want to find the road
Back to the light before the dawn?

Chorus

Conquer for life inside your dreams.
We'll never outlive all the schemes
Of darker spirits in between.

We're on the road, the Road of Kings.

3rd Verse

What did you see behind the line?
Was it really what you expected to find?
On this road you must learn to take it slow,
A King won't rise before his time.

Chorus

Conquer for life inside your dreams.
We'll never outlive all the schemes
Of darker spirits in between.
We're on the road, the Road of Kings.

Sub Chorus

Strong we will be
On the Road of Kings
For what glory it brings us.
