You've got to show me
Don't just tell me
That you love me
I've got to see it baby... baby... wooh!

I think there is something you should know
That there's more to love than touch and go
Guess I'm just old-fashioned deep inside
And there's more to me than meets the eye
All your living promises I can't take it anymore
Do you really love me, I want to know this more

You've got to show me
Don't just tell me
That you love me
I've got to see it baby

You've got to show me
Don't just tell me
That you love me
I've got to see it baby... that you do

Words can sometimes be just little lies
But you can't hide what is in your eyes
I know that you're just a little shy
If you want me go ahead and try
Take me in your arms now you don't have to say a word
Kiss me all you want boy, I'm not a little girl

You've got to show me
Don't just tell me
That you love me
I've got to see it baby

Baby show me
Don't just tell me
That you love me
I've got to see it baby... that you do

Take me in your arms now you don't have to say a word
Kiss me all you want boy, I'm not a little girl

You've got to show me
Don't just tell me
That you love me
I've got to see it baby

Baby show me
Don't just tell me
That you love me
I've got to see it baby

Baby show me
Don't just tell me
That you love me
I've got to see it baby
