I see the light glowing from a distance
Out in the dark to light my way cause I'm away
And I found through who gave me a direction
How to live a life for good

Somewhere along the way
There's someone I will be meeting
Somewhere along the way
Is someone who'd patiently wait

So this lane that's growing is remaining
Guiding light to keep me well and living
Oh... how can I live with no one to hold on
I'm heading to a haven

Somewhere along the way
There's someone I will be meeting
Somewhere along the way
Is someone who'd patiently wait

Oh I believe that somewhere along the way
I'll find somebody who'll give the light for me
And passing through this way
There's a happy ending to come

Somewhere along the way
There's someone I will be meeting
Somewhere along the way
Is someone who'd patiently wait

Somewhere along the way woohh
Someone I will be meeting
Somewhere along the way
Is someone who'll patiently wait

Somewhere along the way
I know...

Somewhere along the way
Someone waiting for me...

Somewhere along the way

On the road I'm travelling...

Somewhere along the way
Someone who'll patiently wait
