She died in a firestorm  
It echoes from the street  
A wasted life  
Full of promise ending  
I'm left to wonder  
How it might have been  
No one knows  
How this fuels my hatred

In a maze of lies  
Tearing down inside  
And I know  
This time they cannot hide

No more rides on the manic sea  
I don't care what tomorrow may bring  
No more spirals down an endless dream  
My life's changing  
But I'm living in your memory

Light comes into view  
The sun breaks the horizon  
Spend the hours thinking about you  
The touch of your skin  
The way you drew me in  
Don't know if I could ever  
Feel the same again

Through the darkest night  
Through their sinister eyes  
They will see  
Their end has now arrived

No more rides on the manic sea  
I don't care what the darkness may bring  
No more silence I have fled the scene  
Got my eyes  
On the road that's now ahead of me

Now I wonder  
What brought this to an end  
Did they receive the message I sent

Sheâ€™s now in a better place  
Leaving us to trace  
A road that leads  
To echoes that she hides away

In a maze of lies  
Tearing down inside  
And I know  
This time they cannot hide

No more rides on the manic sea  
I donâ€™t care what tomorrow may bring  
No more spirals down an endless dream  
My lifeâ€™s changing  
But Iâ€™m living in your memory
