As I look through the night  
Memories are weighing on my mind  
Of all we left undone  
Then I look honestly  
At everything that we tried to be  
Hoping no one sees what I've become

Headed for the rain  
In a restless summer  
Spiraling within your pain  
While you run away  
The days have been so long  
Since the time you left us  
But I know that where you are  
You'll hear my silent call

I've had all I can take  
And I'm not gonna make it too long  
You said all this would carry on  
I've been here too long

Don't want to regret that I can't run away from you now  
I'm willing to give every last thing  
I'll make it somehow  
Time ain't a friend and I can't run away from the dark  
Never again will I play the part

With a dying mind  
Without a destination  
Waiting for the past to align  
Before you will decide  
Before they conquer all  
Justice is descending  
As we watch them build the wall  
Hear my silent call

Every possible fate that I could have imagined  
Was wrong  
After all of the magic is gone  
I've been here too long

Don't want to regret that I can't run away from you now

I'm willing to give every last thing  
I'll make it somehow  
Time ain't a friend and I can't run away from the dark  
Never again will I play the part

All that's left inside us  
Is a world that will divide us  
And the depth of all the silence  
'Cause the worst has come

I feel the weight of the world fall  
Heavy upon my soul  
I see a fate underscored by escaping the earth

I've had all I can take  
And I'm not gonna make it too long  
You said all this would carry on  
I've been here too long

Don't want to regret that I can't run away from you now  
I'm willing to give every last thing  
I'll make it somehow  
Time ain't a friend and I can't run away from the dark  
Never again will I play the part
