Roll the Dice, Take your chance
You can walk the walk, but can you dance the dance?
The odds are favorable, probabilities not
Â“Seize the DayÂ”, Yesterday's been forgot
Plant your feet, begin to dig
Keep trying and you're going to win big

Carpe-diem, the time is now
Make your move and take a bow
Carpe-diem, Â“seize the dayÂ”
Its your time, do it your own way

Buy some luck, take a shot
There's nothing to loseÂ.....well maybe not.
Ace is what you'll need, Joker's what you'll get
Come on now and place your bet
She walks by, one last chance
You can walk the walk, now dance the dance

Carpe-diem, the time is now
Make your move and take a bow
Carpe-diem, Â“seize the dayÂ”
Its your time, do it your own way

The moment was yours, but now has passed
Your not 1st or 2nd, your dead last
That was your last fold and your last bust
Getting here has just become a must
Roll the dice, take your chance
You can walk the walk, now dance the dance

Carpe-diem, the time is now
Make your move and take a bow
Carpe-diem, Â“Seize the dayÂ”
Its your time, do it your own way

Carpe-diem, the time is now
Make your move and take a bow
Carpe-diem, Â“Seize the dayÂ”
Its your time, do it your own way
