Time.....I'm Running out of time

Can't fall too far behind  
I'm running out of time  
Catch me before i get away  
I'm falling further everyday

Waiting for a break that'll never come  
Sitting here waiting to get some-where  
Time...I can't clear my mind  
Time is something that I just can't find

I'm running out of time  
Trapped...In a cell  
I'm all alone...Can't you tell?  
I'm feeling kind of weak  
I can't hardly speak  
Oh Time...

Waiting for a break that'll never come  
Sitting here waiting to get some-where  
Time...I can't clear my mind  
Time is something that I just can't find

Waiting for a break that'll never come  
Sitting here waiting to get some-where  
Time...I can't clear my mind  
Time is something that I just can't find
