Your dog looks like it's dead

Oh Wait it's been put to bed.
I'll try again another day
Cause right now i just can't stay.
I'll drive off to the moon
Don't count on me being back soon.

Let's go party away from here
Somewhere where the cops won't be near
To the beach where we can hang ten
Look out we're going to disapear again.

Holy crap there's a cow over there
If you look too hard he'll give you a stare
There's too much salt on my fries
That is something that i happen to dispise.
Hey buddy just give me the keys
I promise I won't crash into the trees.

Let's go party away from here
Somewhere where the cops won't be near
To the beach where we can hang ten
Look out we're going to disapear again.

CD player's been playing all night
Falling leavesa always give me a fright
If i was a turtle i'd beat the hare
Hey you could you lay off the snare
It's rather warm inside this igloo
Oh i forgot to
ask....HowareyoupersonlisteningtothisCD?
