I don't know what I want

I don't know where I stand

Between another man

I know but how bout you

I don't know what I want

So baby believe me do you want to go

No no doll, I know but how bout you

Too bad darling now it's done, I'm dragging you down

Take it all night baby we tried for so long now it's done

I'm dragging you down

I don't know where I stand now how bout you

I don't know what I want

I don't know where I stand between another man

Don't know now how bout you

I don't know what I want

So baby believe me do you want to know

No no doll, I know now how bout you

(Chorus...)... I know but how bout you

When I'm lying next to you

I'm fucking dead with you

I know but how bout you

Too bad darling now it's gone

I'm dragging you down

Take it all night baby we tried so hard now it's done

I'm dragging you down

Take it home

Good night baby we tried for so long now it's gone

I'm dragging you down

Take it all night baby we tried so love now it's done

I'm dragging you down

I don't know where I stand now how bout you

I know but how bout you
