"Chains"

I've heard so many times that I just need to fly
My chains are stronger now, but it doesn't matter
Maybe tonight I'll be so far away
I gotta try, I gotta try.

The sky is way too big, I don't wanna stay here
Every cloud could be a dream and a storm a chance to
scream

CHORUS

Chains of darkness, Chains of pain
I have to wear them, there's no chance.
'Cause otherwise they will talk, and maybe you will stay
outside.

Laughing is always a good escape
Just pretend a happy face
Hide behind a mask full of lies
I'm good at acting, I can try.

The sky is way too big, I don't wanna stay here
Every cloud could be a dream and a storm a chance to
scream

CHORUS

Chains of darkness, Chains of pain
I have to wear them, there's no chance.
'Cause otherwise they will talk, and maybe you will stay
outside.

You believe me, but I can't say the truth to you
I won't let them hold me back anymore
You know it, and I'm not hiding baby
You're lying too, I can tell.

CHORUS

Chains of darkness, Chains of pain
I have to wear them, there's no chance.
'Cause otherwise they will talk, and maybe you will stay
outside.
Chains of darkness, Chains of pain

I have to wear them, there's no chance.
'Cause otherwise they will talk, and maybe you will stay
outside.
Chains of darkness, Chains of pain
I have to wear them, there's no chance.

Break them up, face the truth
You're not the only person in this world.
