From The Start  
I wake up realizing  
It is a painful way  
I am a little masochist  
The pain helps me to stand

I am no one now  
I sold my soul already  
I reached the bottom

From the Start  
I'm gonna push myself out of the ashes  
I'm gonna prove myself that I am more than this  
I'm gonna make my way up to the sky  
'Cause I always learn from the hardest way.

I've seen how my body kills itself and enjoys it  
I won't be affected by what other may think of me

I am no one now  
I sold my soul already  
I reached the bottom

From the Start  
I'm gonna push myself out of the ashes  
I'm gonna prove myself that I am more than this  
I'm gonna make my way up to the sky  
'Cause I always learn from the hardest way.
