Let's burn the town, until we all fall down
My karmas crowned the king of endless sense
Slaughtered inside, the daughter you can't hide
Pray for your life before you pray for mine

The way she takes a bullet always takes a bite out of
her
The way she takes a bullet always takes a bite out of
her

D-D-Do it or die
Do it, do it or die
Whoa, must be something in mind
Do it, do it or die

Her sins will fall, the journey up and all
Why should I care, when you were never there
Keep this in mind, there is no end in sight
Why am I always careful, always daring

The way she takes a bullet always takes a bite out of
her
The way she takes a bullet always takes a bite out of
her

D-D-Do it or die
Do it, do it or die
Whoa, must be something in mind
Do it, do it or die
Must be something in my head
Do it, do it or die
Must be something in mind
Do it, do it or die

My curse and my best friend sometimes it weakens the
air
My curse and my best friend sometimes it weakens the
air
My curse and my best friend sometimes it weakens the
air
My curse and my best friend sometimes it weakens the
air

Sometimes it weakens the air
Yeah!

Must be something in my...
It's not like you don't know, it's not like you don't know
Must be something in my...
It's not like you don't know

D-D-Do it or die
Do it, do it or die
Whoa, must be something in mind
Do it, do it or die
Must be something in my head
Do it, do it or die
Must be something in mind
Do it, do it or die
