I've got a secret family
No one will ever know
Under the meek and narrow
A faded funeral

Bury the weeping widow
Under a sleepy halo

Show me a witness
Show me a witness
Show me it will do nothing for you

Show me your weakness
Show me your weakness
Knowing that I would lay down for you

Show me a witness
Show me a witness
Surely you're with us
Surely you're with us
Knowing it will do nothing for you

Trusted the hated harrow
Cross twice to curse this crime
Wish me a simple death
You're locking Elizabeth

Bury the weeping widow
Under a sleepy halo

Show me a witness
Show me a witness
Show me it will do nothing for you

Show me your weakness
Show me your weakness
Knowing that I would lay down for you

Show me a witness
Show me a witness
Surely you're with us

Surely you're with us
Knowing it will do nothing for you

Show me a witness
Show me a witness
Show me a witness

You knew, you knew
Your turn to burn

Deprived inside
Your fabricated life
Comes truth in time
Your basement full of lies

How does it feel
It's real
I feel

Show me a witness
Show me a witness
Show me it will do nothing for you

Show me your weakness
Show me your weakness
Knowing that I would lay down for you

Show me a witness
Show me a witness
Surely you're with us
Surely you're with us
Knowing it will do nothing for you

Show me a witness
Show me a witness
Show me a witness

Show me a window

Fino + Bleed Interlude:

You don't care when I bleed
You don't care when I bleed

Oh-oh ohh-oh, oh-oh, ohh-oh, oh-oh ohh-oh-ohh
Oh-oh ohh-oh, oh-oh, ohh-oh, oh-oh ohh-ohh

You don't care when I bleed
