Open season, shoot, shoot
Inching so quietly, through, through
Killer society, you'll, you
Catch me, and find me, soon, soon

Open season, shoot, shoot
The murder they make us do, do
A haunting so madly, you, you
Slipping so slightly, thank you

Hold arms breaking
Hold my hand make me
When there's nothing you know
Worth surviving

Forever
Take my life so they can't ever
See the light, I don't believe in
Trying to live without a reason

Hunting season, shoot, shoot
Escaping the... , though, though
Hellbent coming, you, you
Sister's in whispers, through and through

Hold arms breaking
Hold my hand make me
When there's nothing you know
Worth surviving

Forever
Take my life so we won't let them
See the light, I don't believe in
Trying to live without a reason

... on me
... through me
I'm hiding, you'll never find me
We're calling an army inside me
I'm hiding, you'll never find me
A bullet inside me
Again and again and again

Forever
Take my life so they can't ever
See the light, I don't believe in
Trying to live without a reason
