(Donut kill self)

Open season, shoot, shoot  
Inching so quietly, through, through  
Killer society, you'll, you'll  
Catch me, and find me, soon, soon

Open season, shoot, shoot  
The murder they make us do, do  
A haunting so madly, you, you  
Slipping so slightly through you

Hold my arms breaking  
Hold my hand make me  
When there's nothing you know  
Worth surviving

Fall away and leave forever  
Take my life so they can never  
See the light, I don't believe in  
Trying to live without a reason

Can, can  
How can we fight against this one  
You better, you better learn  
Or do we fight against this one  
Hold on, you better

Hunting season, shoot, shoot  
Escaping the pavement, through, through  
Hellbent conniving, you, you  
Sister's and whispers, through and through

Hold my arms breaking  
Hold my hand make me  
When there's nothing you know  
Worth surviving

Fall away and leave forever  
Take my life so they can never  
See the light, I don't believe in

Trying to live without a reason

Can, can  
Until we fight against this war  
You better, you better learn  
Will we survive against this one

Right on me, running through me  
(In hiding you'll never find me)  
A war calling, an army inside me  
(Please help me, you'll never find me)  
A light on me, a bullet inside me  
Again and again and again

Fall away and leave forever  
Take my life so they can never  
See the light, I don't believe in  
Trying to live without a reason

Can, can  
Or do we fight against this war  
You better, you better learn  
Can we survive one more season  
Hold on

Together  
Whoa, whoa

Whipper Snapper Interlude:

Oh oh oh, oh oh oh, oh oh oh, oh whoa  
Oh oh oh, oh oh oh, oh oh oh, oh whoa

Hey I see your ...  
I see your ... lines  
I see your religious ...  
Saying no care at all

What

Oh oh oh, oh oh oh, oh oh oh, whoa

Doing and doing it  
Hating and shooting it  
Killing and fighting it  
Fino and bleeding it

Huh, what, like, ooh
