You've got your wish tonight  
Crosses to crucify  
Big eyes, hot crimes  
Undressed, the best of times

Commit your sister, fisted foes  
Pull the trigger, let them know  
Killed myself, I killed us both  
And I'm happy to be there

I need it, I need it, I need it, I need it  
I need, I need, I need, I need it  
Until I want it, I want it, I want it, I want it  
I want, I want, I want, I want it  
Until I need it, I need, I need it, I need it

Welcome to waste your life  
My vulgar valentine  
Cute crime, blonde highs  
You're fucked, the best of times

Then lift your heels and drown the pose  
Bend you over just to know  
Gorgeous whisper, pretty ghost  
I'm happy to be there

I need it, I need it, I need it, I need it  
I need, I need, I need, I need it  
Until I want it, I want it, I want it, I want it  
I want, I want, I want, I want it  
Until I need it, I need, I need it, I need it

It's time to live with what you've done  
Saved by strangers, killed by ghosts

I need it, I need it, I need it

I hold you close to let you go  
You pull the trigger, let them know  
Saved by strangers, killed by ghosts  
And I am happy to be there

I need it, I need it, I need it, I need it  
I need, I need, I need, I need it  
Until I want it, I want it, I want it, I want it  
I want, I want, I want, I want it it  
I said I need it, I need it, I need it, I need it  
I said I need it, I need it, I need it, I need it  
I said I need it, I need it, I need it, I need it
