Hold on, who's running out
Who's leaving soon?
Pack my bags for
Quarter to four
I'll be waiting outside my door

Break out, and we

Start it up and
We make our escape now
We'll forget our lives
Nothing faked no goodbye's now
Start it up
Make me happy or let it fade
And we're giving up
But I'll die if I stay here
With you

Far gone, sobbing for days
Craving a change
Carve my name in a bathroom stall
Is this what you've been living for?
Harmful, who's laughing now?
Who's fooling who?

Right as rain I can never go home
Is this what you all take me for?

Are you ready
As we

Start it up and
We make our escape now
We'll forget our lives
Nothing faked no goodbye's now
Start it up
Make me happy or let it fade

Right or wrong
Don't go home
Can't go home
Don't go home

So we...

Start it up and
We make our escape now
We'll forget our lives
Nothing faked no goodbye's now
Start it up
Make me happy or let it fade
