i'm living in the usa i don't care for the package it's
selling make it shine, make it shine do you think it
could increase the market share if we raise the
american flag you're talking about the usa a sign of the
times don't you get me wrong it's a wonderful place to
live we got freedom, we got rights friday night fights
i'm living in the usa i won't swear on that bible pushin'
sellin' good old boys, good old boys try to tell us all
what's good for our children getting bored all day in
school, make it right, make it right they can take the
food right out of your mouth it's okay, your pride and
salvation spread the news across the nation i'm living
in the usa i don't care, on my front door celebrate the
reconstruction of the statue of liberty show your fear,
sergeant's in charge that's the american way! they can
justify anything they do it's alright as long as they're
waving the red, white and blue
