I'd swim the oceans in a suit of lead  
You'd stand there, throw rocks at my head  
Cut me open watch me bleed  
Is this what you really need?

Beat me senseless  
Beat me senseless

Twist my arms break my bones  
Make me lie on burning coals  
Kick my legs punch my nose  
Break my will, don't take my soul

No pain, no gain  
Come on do it again  
Rocks my brain  
Driving me insane

I'm a man on my knees  
Now i'm hurt, now i'm crying  
Swallow fire, walk on glass  
Throw me to the lions, I want you back

No pain, no gain  
Come on do it again  
Rocks my brain  
Driving me insane

Beat me senseless  
Beat me senseless
