The architect of murder gets start billing
Yet another victim another staying
Silence, flashing lights, police line - Do not cross
Blood on the sidewalk, your aunt's on the scene
Hide close to corners cuz I heard someone say
This poor sucker's AAAAAAAA!
Casualty vampires, thirsty for blood
Casualty vampires, The river of
Casualty vampires

Surround the TV, waiting for the last report
Of casualties
Jet crash, news cast, devil's of disaster
How many were lost
Casualty vampires, see nothing but red
Casualty vampires, it's in all of our heads
Stop to watch, standing still
Yet another carcass lying there
Earthquake, bomb blast, domestic brawl
What does it matter? How long is this flood
Casualty vampires, ride along the freeway
Casualty vampires, screamin' for necks
Casualty vampires, laugh like

Casualty vampires, look at all the rats
