coup d'État [x4]

the government gets overthrown

a sudden force, a major blow

over out, the new comes in

coup d'État

give me a bomb

a molotov

it's a coup d'État!

the generalissimo sets up shop

step out of line

your neck's on the block

armies marching through the streets

dressed so sharp, dressed so neat

coup d'État [twice]

a push from the left and a shove from the right

it's all planned up, we'll do it tonight

first the president then his wife

we'll take them for ransom

or take their lives

attack their embassy

they are our enemies

el presidente smokes cigars

whoever he does not like

he shoots or put behind bars

coup d'État [twice]

kill all
