Yea yea

Stand here at my mind

Fucked up last time

I see that shit yesterday

I'm no feelin so let's get play

..Makes crazy bitch go high

Kiss me baby now kiss the back

Everyone nigga wanna bitch like that

You wait known

I'm wait known

Kiss that pussy with baken ..

I don't stop, you don't stop

That dick hard, that pussycat

I'm rippet! I'm rippet'

4 grams 3 neckless

Thay pussy taste like honey yo cherry yo breakfast

Anything could happen

Anything could happen

When these hole puppin models and these niggas get  
to grab them

Anything could happen

Anything could happen

When the licker gets his poe and his ass get clappin

Anything could happen

Anything could happen

When these holes get strippin money from the seelin

Anything could happen

Anything could happen

Anything could happen

Anything could happen

When that kilo hit the water like a candy ball

Saga let the jeans .. to yo

I'm droppin on the ball with my knees is on

That automaze tick in but they rollin down

Strip a pussy pumpit like some fire wars  
Turn the .. in the kitchen we've got 5 hours  
Let my bitch try to cook cause I'm feelin..  
Jesus face on my chain, Virgin Mary ..  
I so the honey kilos ain't no turnin back  
White, black, j-j wit  
Had my corner back  
Anything could happen when you lead like that

Anything could happen  
Anything could happen  
When these hole puppin models and these niggas get  
to grab them  
Anything could happen  
Anything could happen  
When the lickie gets his poe and his ass get clappin  
Anything could happen  
Anything could happen  
When these holes get strippin money from the seelin  
Anything could happen  
Anything could happen  
Anything  
Oow
