It's a biggy bee bald headed hoes bubble gums
Can't... three... ahead... from the mother fucking front
I smell kitty fish... rat pi... bitch looking like a pussy itch
Hoe you are a mess get that hair up your chest
Drop that shit down and make your ass a burn...
Nothing on a top patches on a side bitch look like a
globe
So we call a world wide bald headed hoes
I see some bald headed hoes I see I see
It's a God damn shame... make up your... nails donw
Bitch you got no iq you got... across the... shorty...

My time my show... bald headed hoes
What you see what you see
You all just leave us alone bald headed hoes...
You all just leave us alone bald headed hoes...
You and I Nicky night show like Beyonce
... fuck on first date I love... I still wouldn't fuck you
Bald headed hoes... I was ready... saw your ass...
Any bitch say she is a model...
Stay at your mother... get a job bitch
... bald headed hoes
What you see what you see
Bald headed hoes
What you see what you see
