[Mannie Fresh]Ladies and gentlemen
This one goes out to that little kid that got fried Spam
for lunch
I feel for you, I'm with you, I'm with you brother
And this one right here is fot that ghetto girl with the
bad perm
That just burn baby, burn baby, burn
Pop open a malt liquor
Smoke something until your scalp gets killed

[Hook x2]Gangstas and pimps
Love lobster and shrimp
Kool Aid and chicken
Flashy things and women
All I need
Is remy and weed
Somebody not afraid
To go some for my Escalade

[Lil'Wayne]I'm just pimping
Baby you got a rule for me
Put your mink on and slide in a cool for me
Hey you gotta get high and go low for me
It's Cash Money young money never know money
It's 500 Degreez it's not fool buddy
But it and the dro got me so scummy
And to drum hole a whole hundred
Can I put a whole hundred in your whole tummy
Hehe, man's Wheezy's a legend
You can tell by the bottom of my sleeve when you see
what's in a bazel
I'm in this bitch hold your bitches
And hold your bitches 'cause she gon wanta part of me
'cause she never see the roof of my car with me
And you never see a tooth without a diamond on it
This is game at its finest homie
Peep it

[Hook]
[Baby]See I was born from a gangsta
Pa gave me a whip

Ran numbers with pimps and I laid down cents
One of a land Birdman I shine

22's on it?
The bitch ain't mine
I taught her the game ma
I gave it all to her
Weezy Wee my son I give it all to him
[Lil'Wayne]The Birdman junior I'm the son of a stunna

[Baby]Mannie Fresh
Jazze Phezzy this our summer
500 Degreez got rich off the four
Cadillac smoke dro just me and the ho
Flash from hard times from that cake and dope
Put cars in moms names just to duck white folks
We eat lobster and shrimp
Nigga park that Lambo
I'm a V.I.P. nigga
Pop bottles of Mo
I pray that one day I'll open a better door

[Hook]
[Lil'Wayne]Ain't no mountain high enough
To me for 'cause I keep on buying fifi stuff
And the Eastside where we pump
It's my part of New Orleans
Bleed for ya I'm the heart of New Orleans
Hear you're fucking with a gangst foe
Hope you never close your eyes I'll bang your ho
All she need is some guidance I'll tame your ho
It's big pimping over here man yeah man
If she looking for a daddy see the lil man
Weezy baby, don't fool yourself you need me baby
Easy baby, I'm just trying to keep my bread cheesy,
baby
Slick when I spit shit right
26-inch got a deep-dish ma
Sweet as mami lips when I'm creeping by
Baby gave mewings just to keep me fly
Weezy I hell yeah
And I'm rolling with them

[Hook x2]
