I see your name up in lights now
And I hear your words on the air
But I see your face on the t.v.
On the news stands
How does it feel being there
How does it feel

I see you're top of the the pop stars
Box office sell-out success
I see your picture on the cover of newsweek
How does it fell being there
How does it feel

Are you happy or sceptical
How does it feel being there
How does it feel being there
You know

I see you drive up in limos
Suicidal blonde on each arm
And I see your face in the mirror
Doin' cocaine
How does it feel being there
How does it feel

I hear they need you in the movies
Box office sure fire success
We'll see the big smile on the big screen
How does it feel being there
How does it feel

Do you think it was worth it
Is it all that they say
Are you happy or sceptical
How does it feel being there
How does it feel being there
