In the pitch of night they keep callin'
Feed and killing the man that was me
Showed my piece of mind, he keeps screamin'
Mother

With the light of day comes a question
Cut the talisman of praise lose your fear
In the heat of the day sweats my anger
Father

Twisted tongue, twisted minds, twisted sisters
Perfect love, pent up hate becomes one
Lift my soul up so high just to let go
Brother

And father, father
Mother, mother
What'd you leave for me yeah, yeah
What'd you leave for me
And brother, brother
And sister, sister
What'd you leave for me yeah
What'd you leave for me
Ooh, what'd you leave for me

Solo

With the light of day comes a question
Cut the talisman of praise lose your fear
In the heat of day sweats my anger
Father

Father, father
Mother, mother
What'd you leave for me yeah, yeah
What'd you leave for me
Brother, brother
Sister, sister
What'd you leave for me yeah
What'd you leave for me
Ooh, what'd you leave for me
