Say you now your prayers to god  
And lay you down to sleep  
Commend your soul your human woes  
And beg to be his keep  
I warn you all you waste your breath  
For no God hears your cry  
Your mortal coil's surrendered though  
To feed the maggot eye

Feed the maggot eye  
Feed the maggot eye  
Feed the maggot eye

No spawn of hell knows you as well  
No wisdom is as true  
No faith as strong as time is long  
What lies in store for you  
So beg you now forgiveness for your sins  
I bid you try  
Your reasonings are seasonings  
To feed the maggot eye

Feed the maggot eye  
Feed the maggot eye  
Feed the maggot eye

Conceived of lust and born to dust  
Your life lies in between  
Confusions spell hides time so well  
That nothing's what it seems  
And so you quest for your success  
Or for some goal you strive  
Then like the beast become the feast  
To feed the maggot eye

Feed the maggot eye  
Feed the maggot eye  
Feed the maggot eye

Oh child of hate condemned to wait  
For years piled up on years

Your passionate pleas on bended knee  
Are not but cautioned fears  
For all that lives is claimed by time  
And nothing may deny  
And all that's man shall have it's end  
To feed the maggot eye

Feed the maggot eye  
Feed the maggot eye  
Feed the maggot eye.
