(Imbedded in fear, I stand and face the oppressor  
Death drawn by my side, the taste of revenge invades  
me  
The eyes of uncertainty, the slow drawn breath of those  
about to die  
I will not keep death nor let it remove me  
I will stay strong and focused on vengeance  
The blade that is life shall detonate the rivers of blood  
Severed enemies cries of killing horror  
I will be redeemed  
I will strive through  
I will kill those who seek to kill me)

This time  
I won't  
Take my  
Life for granted  
I'll find myself asking  
Why god must hate me  
Why I feel  
Like I should not have  
Survived - This  
And what is yet to come:  
Why - Does god forsake me?  
At - Look down on me  
Night - Make me fear  
Nightmares still  
Inside my head

You never wanted me to stay  
You almost took it all away  
It's not my - Time yet  
I still have one more chance to prove  
This time I won't let you down  
It's not my, my time yet

Why - Does god forsake me?  
At - Look down on me  
Night - Make me fear  
Nightmares still  
Inside my head

Nightmare still inside my head  
You never wanted me to stay  
You almost took it all away  
I can't live, I can't die  
It's not my fucking time
