A voice in my head, a voice from my past  
Talking in tongues I recognize  
A sound in my room, is it rain on my window  
I lie awake eyes open wide

Sometimes I read, or watch my t.v.  
Tryin' in vain to close my mind  
I'm tossin'and turnin'  
I'm cold then I'm burnin'  
Sometimes I think this bed's too wide

Oh, how I wish I could sleep  
Oh, how I wish I could sleep

I think of my father remember my mother  
I wonder if they can see me now  
Sleep??.  
Sleep??.

Oh, how I wish I could sleep  
Oh, how I wish I could sleep

Solo

Sleep?????..sleep

Oh, how I wish I could sleep  
Oh, how I wish I could sleep

Oh, how I wish I could sleep  
Oh, how I wish I could sleep
