Children taking handguns to classrooms
Getting blown away
Play time means something new today

President tells lies in the courthouse
He's gonna slip away
Justice means something new today

We're all together now
In a world that's constantly changing
We're all together now
In a world that's going stone crazy

Madman who can't take a lesson
Playin' with his toys
War means something else today

Real life gets stranger than fiction
Judgement on the web
Fair trial means something new today

We're all together now
In a world that's constantly changing
We're all together now
In a world that's going stone crazy

Marines kill horses with machine guns
Some idea of fun
Sport must mean something new today

A child is born with a needle a day habit
Got it from his mom
Mother meaning something new today

We're all together now
In a world that's constantly changing
We're all together now
In a world that's going stone crazy

Madman who can't take a lesson
Playin' with his toys

War means something else today

Real life gets stranger than fiction
Judgement on the web
Fair trial means something new today

We're all together now
In a world that's constantly changing
We're all together now
In a world that's going stone crazy

Marines kill horses with machine guns
Some idea of fun
Sport must mean something new today

A child is born with a needle a day habit
Got it from his mom
Mother needed something new today

We're all together now
In a world that's constantly changing
We're all together now
In a world that's going stone crazy
