Makes no difference to me  
If you stay or if you leave  
Seein' the time seen the day  
Would have been the end of me  
There's nothin' left for us to say  
We never did talk much anyway  
Makes no difference to me  
If you stay or if you leave

Makes no difference to me  
If you want that I should go  
I hope you've got all that you need  
Not that it matters anymore  
There's nothin' left for us to say  
We never did talk much anyway  
Makes no difference to me  
If you want that I should go

Makes no difference to me  
Somethin' has died and somethin's gone  
I'm not trying to lay the blame  
'bout who was right or who was wrong

There's nothing left for us to say  
We never did talk much anyway  
Makes no difference to me  
Something's died, something's gone

And it don't matter no!

Makes no difference to me  
Something has died and something's gone  
I'm not trying to lay the blame  
'bout who was right and who was wrong

There's nothing left for us to say  
We never did talk much anyway  
Makes no difference to me  
Something's died, something's gone

And it don't matter no
