Do you know where you are, didn't anyone tell
You're a man on a mission, you're on the shores of hell
What you gonna do, where you gonna go
Cause no one's got the street plan
That's all you need to know

You can run but you, sure can't hide
Oh no, it's always around the bend
You're in the house of pain
Better find all you think you need
Will this nightmare never end

Better find the exit, better find the door
You won't get no mercy, down on the killin' floor
There's a spider on the bridge, there's a demon on the
ledge
Better get your chain gun and fill it full of lead

You can run but you, sure can't hide
Oh no, it's always around the bend
You're in the house of pain
Better find all you think you need
Will this nightmare never end

Blood on the walls, blood in your eyes
Blood on your face, blood on your hands
You're gonna lose your soul

Solo

You can run but you, sure can't hide
Oh no, it's always around the bend
You're in the house of pain
Better find all you think you'll need
Will this nightmare never end

Blood on the walls, blood in your eyes
Blood on your face, blood on your hands
You're gonna lose your soul
You're gonna lose your soul
