Signed, sealed, delivered
sat right in your lap
And everything you wanted, you got lyin' on your back
She never had to try for nothin' no, no
She born in luxury
You're daddy's little sweet thing
She's stickin' her hooks in me

Signed, sealed, delivered
you're world on a plate
And everything you needed, you got lyin' at your feet
She never had to try for nothin' no, no
Seeking luxury
Well you're daddy's little sweet thing
Stick your knives in me

Signed, sealed, delivered oh!

Solo

Signed, sealed, delivered, heaven to your door
An' everyone she chooses would crawl down on all fours
She never had to try for nothin' no, no
She born in luxury
Well you're daddy's little sweet thing
Give your hots to me

Signed, sealed, delivered
Signed, sealed, delivered
Signed, sealed, delivered yeah!
