Makes no difference to me
If you stay or if you leave
Seein' the time seen the day
Would have been the end of me
There's nothin' left for us to say
We never did talk much anyway
Makes no difference to me
If you stay or if you leave

Makes no difference to me
If you want that I should go
I hope you've got all that you need
Not that it matters anymore
There's nothin' left for us to say
We never did talk much anyway
Makes no difference to me
If you want that I should go

Makes no difference to me
Somethin' has died and somethin's gone
I'm not trying to lay the blame
'bout who was right or who was wrong

There's nothing left for us to say

We never did talk much anyway
Makes no difference to me
Something's died, something's gone

And it don't matter no!

Makes no difference to me
Something has died and something's gone
I'm not trying to lay the blame
'bout who was right and who was wrong

There's nothing left for us to say
We never did talk much anyway
Makes no difference to me
Something's died, something's gone

And it don't matter no
