Do not think or question  
Do not contribute or insist  
Mechanize and integrate within the blue glare of this  
whored media fist  
Static splatters and alpha flickers and with glazed  
attention  
A population slips further away into manipulated  
paralysis  
Brains jarring together like humanoid marbles in boxes  
of  
bone  
Public opinion and (d)evolution twisted, perverted and  
possessed by the global elite  
Obedient and docile; we are the drones, marching to  
the  
narcotic beat of this whored media fist  
Advancing into the belly of the Leviathan, content to  
endure within its bowels  
Android consume!  
Android consumed!  
Your sound bite slogans can burn with your flags
