serene, like floating  
at the bottom of the sea  
so warm, so free  
is this heaven, could it be?

but, for this period of time  
i know my peace of mind  
will be coming to an end  
when they pull me out again  
(repeat)

forget your earthly ties  
stay in heaven, no one dies! (x4)

hanging upside down  
head towards the ground  
naked and cold  
not again will i grow old  
(repeat)

forget your earthly ties  
stay in heaven, no one dies!
