"Live And Die"

I never wanted another
come over to me and discover.
I want to be near you
and you need to be far away.
You always seem to make me feel at home

hey you
you're people like us.

I never know
I never know
I never know

I never know why - you make me wanna cry.
I never know
I never know
I never know

I never know why - forever live and die.

I look at all of the people
they're doing it over and over.
You never get any older
I wish that you could be here.
I look at you and I make the same mistakes

hey you
you're people like us.
I never know
I never know
I never know

...

I never know
I never know
I never know

...

I never know
I never know
I never know

...

I never know

I never know
I never know
...
