Fool moon's light is calling me
My kingdom lies within
The mystic soul and lion's heart
Brought by the talisman
The ecstasy of battle takes me
Where the falcons fly
Immortal youth was granted me
I will never die
Chorus:
Born of black wind fire and steel (2)
Born to teach them all to hell
Born of black wind fire and steel
Pounded by the hammers
Of the giants of the world
I can see in darkness,
I'm overlord
Single combat I'm await
My shadow brings them fear
The spikes upon my chariot
Will grind them when they're near
Chorus
**I am an outcast
On the path of no return
Punisher and swordsman
I was born to burn
Black wind always follow
Where my black horse rides
Fire's in my soul
Steel is on my side
Chorus
Repeat **
Chorus
