Passing through the storm-
Led by Demons-walk between the
World of men and gods-
Cast no shadows-draw no light.
I rape the priestess on pagans night.

I taste the serpents poison
On the lips of the one I love.
She brings this gift of witchcraft.
I wear the cat-skin-gloves.

Apples of youth when I wrought
Mischief,hung in a tree to rot
In the sun.-
Reborn in the middle of the
Final orgy the gift of slavery
To the chosen one.

Suicide Suicide don't you know
Me-call to the Master-he will
Come.-He will bring out

Ressurrection-cloaked in darkness-
He has won.

Smoke of my sacrifice.-
Journey to the Isle of the
Blessed.-
Grant my soul your glory.
At night time-I'm your guest.
Only I know why-

Each dawn I die.

Smoke of my sacrifice.-
Journey to the Isle of the
Blessed.-
Grant my soul your glory.
At night time-I'm your guest.
Only I know why-
