Dreadful thunder
The storm is moving in
And Judgement Day is calling
My soul has been healed
By the power of steel
And the sound of glory
I will send them into the ground
All that are found
By the sign of the hammer falling
Yes, heathens will fall
I will strike down them all
And you will know my calling

(chorus)
Bravery calls my name
In the sound of the wind in the night
my sword will drink blood
and I will fight
yes, I will fight in the dawn of battle

(Dawn of battle)

I will rise up from the chaos
I will rise up from the grave
A brother to the darkness
A master to the slaves
I am the soul descendant
Of the fire and the raid
I was brought upon the earth
For to rule in battle wage
By the total domination of the world in my command
By the air, and the water by the fire and the land
I give no explanation
I was branded by the will
Bringer of dead and destruction to all that I now kill

(chorus)

I long to be free
so I wait for a sign
I wait for a star to fall from the sky
From the dust of sleep

A promise to keep
Then all who see, shall believe
Deliver into my hand
The Sword of The Land
Let my journey begin
So all shall understand
That if I fall
I will live again

I will rise up from the chaos
I will rise up from the grave
A brother to the darkness
A master to the slaves
I give no explanation
I was branded by the will
To bring death and destruction to all that I will kill

(chorus x4)
