Black candles, slowly burning, white fangs and  
flashing eyes  
Hell's wind and incantations summon living fire  
Darkest forces and your demon's black order, black  
king  
The cult that serves the living, accept this offering

Black candles, slowly burning, white fangs and  
flashing eyes  
Hell's wind and incantations summon living fire  
As the seven steps await, hear the great bell toll  
With a dead man's bones conjure, the enemy of the  
soul

From the misery and sadness, of the molten seas of  
Hell  
Mystic love and mystic symbols, in evil dreams there  
dwell  
Darkest forces and your demon's black order, black  
king  
The cult that serves the living, accept this offering

A deadly drink, a meal of hearts, now sacrifice and die  
In darkness and destruction, behold the evil eye  
And the Demon's whip

Armies of the Gods of Hell ride across the astral plane  
Bearing curses of destruction, sworn beyond the grave  
Children of the darkness, all born but to deceive  
By the ancient code of evil, grant not one reprieve

In the place where evil dwells, death can live when all  
life dies  
Wage eternal war on Heaven, immortal hate below the  
sky  
Your scripture and your sermons are leaves born on  
the wind  
To heal the unrepentant, one needs a greater sin

Night winds, Oblivion, see my dark desire  
Come forth and appear, he is living fire  
Feel the Demon's whip

Armies of the Gods of Hell ride across the astral plane  
Bearing curses of destruction, sworn beyond the grave  
Children of the darkness, all born but to deceive  
By the ancient code of evil, grant not one reprieve

In the place where evil dwells, death lives when all life  
dies  
Wage eternal war on Heaven, immortal hate below the  
sky  
Your scripture and your sermons, are leaves borne on  
the wind  
To heal the unrepentant, one needs a greater sin

Feel the Demon's whip, feel the Demon's whip  
Feel the Demon's whip, feel the Demon's whip  
Feel the Demon's whip, feel the Demon's whip
