In the beginning there was silence
and darkness, all across the earth.
Then came the wind, and a hole in the sky.
Thunder and lightning keep crushing down,
hit the earth and split the ground,
fire burning high in the sky.
From down below, fire melted the stone,
the ground shook, and started to pound.
The gods made heavy metal,
and they saw that it was good.
They said to play it louder than hell,
we promised that we would.
When losers say its over with,
you know that its a lie.
The gods made heavy metal,
and its never gonna die.
We are the true believers,
its our turn to show the world,
in the fire of heavy metal,
we were burnt.
It's more than our religion,
it's the only way to live,
but the enemies of metal,
we can't forgive.
We believe in the power and the might,
and the gods who made metal, are with us tonight.
The gods made heavy metal,
and they saw that it was good.
They said to play it louder than hell,
we promised that we would.
When losers say its over with,
you know that its a lie.
The gods made heavy metal,
and its never... gonna die.
We believe in the power and the might,
and the gods who made metal, are with us tonight.
We're here tonight for heavy metal,
are you ready in the hall?
They have chosen us,
and we have heard the call.
Go and tell rumor with our sound,
crack walls and shake the ground.

Fight tonight for metal,
one and all.
(cause)
we believe in the power and the might,
and the gods who made metal, are with us tonight.
The gods made heavy metal,
and they saw that it was good.
They said to play it louder than hell,
we promised that we would.
When losers say its over with,
you know that its a lie.
The gods made heavy metal,
and its never gonna die.
The gods made heavy metal,
and they saw that it was good.
They said to play it louder than hell,
we promised that we would.
When losers say its over with,
you know that its a lie.
The gods made heavy metal,
and its never gonna die.
The gods made heavy metal,
and they saw that it was good.
They said to play it louder than hell,
we promised that we would.
When losers say its over with,
you know that its a lie.
The gods made heavy metal,
and its never gonna, never gonna die
