Can't go on complaining about
What should be done, I come undone
Life's too short to fight about what's right
Sometimes I wonder why
You make me high, you make me fly
Must be the tears in your eyes

A message to the gods again
Another twisted mind
I can't rely, sane am I?
I'll touch the sky

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart

(Yeah!)

The clouds are closing in and
I decide to run, what's done is done
In the middle of the night, no use to fight
Tears are falling, hell is calling
My head is sour, I've reached the door
No looking back she'll be alright

A message to the gods again
Another twisted mind
I can't rely, sane am I?
I'll touch the sky

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart

Please me, don't try to break free
Look what you've made me

Not falling apart

Don't turn around
Babe this matters to me
I'm still lonely, you're my only
Don't live a life
Dreaming what love should be
You gotta give it up, give it up
Help me through the storm

(Please me, don't try to break free)
Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, come on, please me
Babe please me
A piece of my heart
