Bone on bone flesh war on flesh  
Mortal brothers strive against each others hatreds  
mesh

Thou shall not kill  
Peace frozen still  
Release your hate  
Deviate

Life expires blood cries from the earth  
Innocent and guilty eyes behold our mortal curse

Fragile man our days are numbered few  
Hand of peace or fist of hate the choice is up to me and  
you

"A car pulled up, and he hollered, 'You know me' and  
he has his hand like this, so when I ducked like this  
here he shot..How many shots were fired? Two, he shot  
the guy shot, and I ran like back here He shot the guy  
shot? ....."

"Don't make me use this! One step closer I'm warning  
ya!"

"God has hate, now I have hate!"  
"Why do you kill?"

"Now you've done it!"

"You forced me to use it!"

"You want to live in this lousy world?"

"If I had my way, here's how I'd rule the universe.  
I'd eliminate 'em, I mean cross 'em off!  
Get rid of 'em, destroy 'em, decimate 'em!"
