"Twisted Reality"

World of illusion.
Living a lie.
Spiritual blindness.
No sight from your eyes.
Wisdom of ancients disturbed from her sleep.
Returning with vengeance.
Deceiving the weak.
Darkness becomes a veil for those who believe.
Emptiness becomes the trail of life for those deceived.
Spirit of guidance.
Masks of disguise.
Seek your destruction.
Consumed in their lies.

Carefully brainwashed.
Decisive design.
Of him who controls you, possesses your mind.
Darkness becomes a veil for those who believe.
Misery becomes the trail of death for those deceived.
Age of illusion.
Reprocessed untruth.
Cosmic attraction.
A synthetic spoof.
Reality twisted to fit your design.
As Hell claims its victim.
"Now you're mine."
