Needing, dying, parasite the same
Just to be removed from all your ways

I know that you know
I know you know
I know you know
I know that you know

Born without feeling, growing from reading
Parents for breeding, inherited feeling
Born without feeling, growing from reading
Parents for breeding, inherited feeling
The impending collapse of it all

I can feel it, preconditioned fall
Recognise the fear inside us all
Knowing all that's ever gone before
Understand collapsing of it all
