Things keep falling off buildings  
Things keep falling  
into my path  
I keep  
On dodging projectiles  
They fall from scaffolds on  
building sites  
Falling  
Before me to save  
Scraping for forgiveness  
You tell me  
that I know  
You know  
They're safe  
You tell me that I know  
You know they're  
safe  
You tell me that  
I know  
You know  
Sittin' up here with my pet tree  
And piss  
on everybody who  
I should seel  
I'm twice as happy as you are  
You're half as  
happy as I could  
Be Falling  
before me to save  
Scraping for forgiveness,  
hope for  
Forgiveness, you'll see  
You tell me that I know  
You know  
they're safe  
You  
Tell me that I know  
You know  
You tell me that I know  
You  
know they're safe  
You tell me that I know  
You know they're safe  
You tell me  
that I know  
You  
Know
