"Wide Open Space"

Visit "[Wide Open Space](#)" on MotoLyrics.com

I'm in a wide open space, I'm standing
I'm all alone and staring into space
It's always quiet through my ceiling
The roof comes in and crashes in a daze

(Chorus)

I'm in a wide open space, it's freezing
You'll never get to heaven with a smile on your face
from me
I'm in a wide open space, I'm staring
There's something quite bizzare I cannot see

I'm on the top of a hill, I'm lonely
There's someone here to shout to miles away
I could be back in my house, for I care
They do not hear me, it's the same old way

(Chorus)

I'm in a wide open space, I'm standing
I'm all alone and staring into space
It's always quiet through my ceiling
The roof comes in and crashes in a daze

(Chorus) x2
