The only thing that ever was a letter nailed to your front door

The end is here so give it up

You get a little and you just want more

I lit a fire and threw you in

Can't get you to see with blue eyes

Another thing that I don't have control of

Nothing suits me quite right

And if you're angry (I wish I had two lives to live)

If you're still mad (because the one I got has turned to shit)

If I find that wormhole (you are a gold star covered in dust)

Then I'll take it back (but you can't ever get enough)

An imperfect storm. The end of days

The city we both grew up in

Those cats and dogs, don't be afraid

Underwater, I feel forgiven

Ain't just one way to burn a bridge

An expert on walking backward.

Just close your eyes

Disconnect the dots til you don't see a pattern

If you're angry (I wish I had two lives to live)

If you're still mad (because the one I got has turned to shit)

If I find that wormhole (you are a gold star covered in dust)

Then I'll take it back (but you can't ever get back)

I'll take you back to the loneliest days that I've had

You're all those things that I just can't see.

Yeah, you're screaming who I will always be.

But I can change.

Yes, I will change my face.

Forget my name.

And if you're angry

I heard that you're still mad

I guess if I find that wormhole
Well maybe then I'll take it back
I'll take you back to the loneliest days that I've had.
