She makes me feel
Like I want to
Like I need to, take a breather
She makes me feel
Like I'm worn out
Like I'm tired
Take it easy
And when I'm lonely
She holds me closely,
Tight but easy, yeah I need it
And when I need her
She comes running
She's my woman, one and only

And when we take off
I can feel the stars on my fingertips

And we lay down
We can start a fire out of nothing
And when I wake up the first thought I'm thinking is you

And when I drift slowly to sleep I,
I'm only thinking of you
'Cause baby, you make me feel so right inside
She makes me go, go
Yeah, that's what I desire
(She makes me a little bit higher)

She makes me feel
Like I'm worn out
Like I need to, take a breather
She makes me feel
Like I'm worn out
Like I'm tired
Take it easy

We can rest calmly, underneath
The moon and the stars above
We rest easy in the arms of each other
Holding tight 'till we have to let go
And when we do
We don't give it much thought

Because we know we got one another
(She takes me far)
